The undersigned, whose title is supplied below, is empowered to act on behalf of the Assignee Mayo, who, as indicated above, has full prosecution rights in this matter.

Pursuant to 37 C.F.R. § 1.321(b), and to obviate a double patenting rejection, the Assignees identified above hereby waive and disclaim the terminal portion of the term of the entire patent to be granted upon the above-referenced application subsequent to the expiration date of U.S. Patent No. 6,838,073, provided that any patent granted on the above-referenced application shall be enforceable only for and during such period that it is commonly owned with U.S. Patent No. 6,838,073.

This disclaimer runs with any patent granted on the above application and is binding upon the grantee, its successors or assigns.
